Email: 1911riyasingh04@gmail.com

Mobile: +918092874745

SKILLS

Languages: C++, C, Java, Python, JavaScript

Frameworks: HTML and CSS, Flask

Tools/Platforms: MySQL, Figma, Proteus, VMware, Oracle, Jira, Overleaf, AWS, Docker, Selenium IDE, VS Code

Soft Skills: Problem-Solving, Team Player and leader, Adaptability, Charismatic

PROJECTS

Automated Billing System for Retail Stores | Python | [GitLink](#) Jul' 25

- Developed a Python-based bill generator for stores using OOP concepts.
- Automated product selection, billing, and receipt generation.
- Used classes, lists, and dictionaries for efficient process flow.

Sentiment Analysis Chatbot for Stock Trading | Python Flask, HTML, CSS, VADER | [GitLink](#) Apr' 25

- Created a sentiment analysis chatbot using Python Flask, integrating real-time financial news data and Reddit feedback to assess stock sentiment for trading decisions.
- Built a web app with a basic HTML interface and a Python backend to fetch news and analyze stock sentiment securely.
- Enhanced FinTech automation by applying sentiment insights for risk management and real-time social media monitoring, advancing algorithmic trading capabilities.

Building a Secure File Upload and Processing System | AWS | [GitLink](#) Apr' 25

- Formulated a cloud-based platform that allows users to upload files securely and process them automatically.
- Automated file processing workflows using AWS Lambda, with monitoring and alerts handled through CloudWatch for reliability.
- Implemented scalable backend infrastructure with EC2, VPC networking, and Auto Scaling to ensure robust performance under variable workloads.

TRAINING

Summer Training | Lovely Professional University | [summer training](#) Jun' 25 – Jul' 25

Python Dynamics: From Algorithms to AI

- Gained hands-on experience in Python programming, covering fundamentals to advanced concepts such as algorithms, data structures, and OOP.
- Worked on real-world AI/ML modules, including data preprocessing, model building, and evaluation using libraries like NumPy, Pandas
- Completed dynamic projects using intermediate proficiency with advanced-level of depth

CERTIFICATES

Social Networking | NPTEL | [Social Networks](#) Oct' 25

Build Generative AI Apps and Solutions with No-Code Tools | Infosys Springboard | [GenAI](#) Aug' 25

Computational Theory: Language Principle & Finite Automata Theory | Infosys Springboard | [automata](#) Aug' 25

Java Programming | NeoColab | [Java](#) May 25

Object-oriented Programming | NeoColab | [C++](#) Dec' 24

Data Structures and Algorithm | NeoColab | [DSA](#) Dec' 24

The Bits and Bytes of Computer Networking | Coursera | [bitsandbytes](#) Sep' 24

Unrevealing basic Python towards ML/AI | CSE Pathshala | [CSEpathshala](#) Mar' 24

Achievements

Filed a patent, 'Smart In-Bench Phone Storage & Monitoring System' May 24

Extra-Curricular

Participated in "Republic of Cyber Sentinels Capture the Flag" | [capturetheflag](#) Mar' 24

EDUCATION

Lovely Professional University

Bachelor of Technology - Computer Science and Engineering; CGPA: 8.76

St. Xavier's School

Intermediate; Percentage: 92.4%

St. Xavier's School

Matriculation; Percentage: 94.1%

Phagwara, Punjab

Aug' 2023 - present

Bokaro, Jharkhand

Apr' 2021 – Mar' 2022

Bokaro, Jharkhand

Apr' 2019 – Mar' 2020
